Subject: PRESS RELEASE 10/20/15 - Road Closure - Berry Rd from Brooks St north to Leslie Ln

PRESS RELEASE

City of Norman
201 West Gray
Norman, Oklahoma 73069

For Immediate Release: October 20, 2015

Contact: Jim Speck, 217-7778, jim.speck@normanok.gov

Road Closure - Berry Road from Brooks Street north to Leslie Lane

Weather permitting, south bound Berry Road will be closed from Leslie Lane to Lee Avenue beginning Wednesday morning, October 21, 2015. Only local traffic will be allowed in the north bound direction. Traffic crossing Berry on Brooks Street, Caddell Lane and Cruce Street will also be closed. Construction between Brooks and Leslie Lane is expected to take several weeks.

Berry Road from Lindsey Street to Lee Avenue will be re-opened on Wednesday morning, October 21, 2015.

Warning and detour signs will be placed to assist the motoring public. As an alternative to Berry Road, drivers are urged to use routes such as Wylie Road or Pickard Avenue between Boyd Avenue and Lindsey Street.

McKee Utility Contractors is installing new 16-inch waterlines for both the Norman Utilities Authority and the University of Oklahoma along Berry Road from Lindsey Street to Main Street. As the work progresses, Berry Road will be temporarily closed in two to three block sections; closures of Berry and its adjoining streets will be issued as required during project completion. Pavement repairs will be completed immediately following waterline installation. The Berry Road Waterline Replacement project should be complete by May 2016.

Contact Jim Speck, Capital Project Engineer, City of Norman Utilities Department, at 217-7778 or jim.speck@normanok.gov with questions.
